

Australian Society of Exploration Geophysicists

Partnering with the ASEG demonstrates your commitment to promoting the science of exploration geophysics, encouragement of closer understanding and cooperation between geoscientists and patronage of education and professional development in geophysics.

As an ASEG corporate member you can promote your membership and support of ASEG's aims through your webpage and company material.

The intention of the ASEG's Corporate Membership class is to provide ongoing support for the ASEG Research Foundation, with 80% of the membership rate being a Research Foundation donation.
